Welcome to a very wet February and beautiful rain... that we had to have!!

Last week's meeting was a club assembly and board meeting. A big ask with dinner and fellowship in between, but Marilyn made it happen.

Ian brought us up to date with the matching grants and how the education system we are helping fund gives girls equal opportunity. Bob Aston gave details of the Bike-a-thon and will give a full brief on the 25<sup>th</sup>. Entry forms are out now. Help is needed on Saturdays before the Markets to mark out, about an hour in time, see Max.

Don't forget Terry's survey. One member had more to add but time beat us. Please contact a board member or the president if you need something mentioned at board level, it is your club.

Lots of fun stuff coming up including the BBQ at the Ferguson's and Barefoot Bowls (see pg 4).

The board accepted the resignation of Paul Smith with great sadness. Paul will be missed and we hope that in the future he and Ann might come back to us, work load etc permitting.

Jack catches up on page 3.

# JACK'S JOURNAL

Carolyn's ill health and my responsibilities in that regard make it difficult for me to attend meetings, hence my absence last week. I am grateful to Marilyn for taking the Chair, knowing that the club was in good, capable, hands. Rotary is the least of my worries at present - but there are one or two things I must mention before Marilyn has her say.

Did you all respond to the membership survey? I know that a couple of you can only use a printed copy of the questionnaire. As Terry will be away next week there is time for you to send the completed questionnaire to Terry by post to PO Box 5286, Cobargo 2550. Those who can edit the questionnaire with their computer should send their completed version to the following address if they have not already done so (this is whilst Terry is away) – [adandtgirvine@bigpond.com](mailto:adandtgirvine@bigpond.com). Given your cooperation, he will have a report ready to give us on 25<sup>th</sup> February.

What great work we did in raising sufficient funds for two ShelterBoxes in response to the Haiti disaster – that is four we have funded altogether this year. Interestingly, the Batemans Bay club raised funds for two, expects to fund a third from “awareness week” activity at the shopping centre (Stockland, I presume) and a fourth with a donation from a local business. RC Moruya had previously funded two ShelterBoxes, and with donations from members and the public and fundraising activity at the Races, Australia Day celebrations, and the Moruya market, raised funds for five more. We have all done well.

I expect to be in your company tonight, looking forward to Erin's presentation and Alice's introduction.

Yours in Rotary Fellowship,  
President Jack.

From the DG – any questions please refer to president Jack

I have been incredibly impressed with and heartened by the support Clubs have given to the relief effort in Haiti through providing ShelterBoxes. The effort is something everyone can be very proud.

I do hope, however, that there is still capacity to support OUR Rotary Foundation!

As the year is in its final half, I hope you and your Boards will ensure we continue to support our Rotary Foundation!

Last year, while we gave strong support to projects like ShelterBox, our support for the Rotary Foundation fell away dramatically.

I would be really disappointed if this happened again this Rotary year!

The less we give to the Rotary Foundation now, the less we will have in future years to support our Matching Grant and District Simplified Grant programs; and, support for scholarships like the Ambassadorial Scholars program. Please ensure that you support Rotary's own work.

Stolen from Bateman's Bay Rotary bulletin

"It's too hot to wear clothes today"  
Jack announced to his wife as he stepped from the shower.

"What do you think the neighbours would say if I were to mow the lawn like this?"

"Probably that I had married you for your money!" she replied.

What do they mean???
